

I am writing to you today as something has come to my attention that warrants action. I have been made aware of a plan by Sinclair Broadcasting Company to force their stations to air an anti-Kerry documentary entitled "Stolen Honor: Wounds That Never Heal" in a clear attempt to influence the outcome of the upcoming presidential election. This plan needs to be altered either by cancelling this airing or by airing an alternative viewpoint such as "Fahrenheit 911."

Because Sinclair uses the public airwaves free of charge, they are obligated by law to serve the public interest and remain impartial.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. The license renewal process needs to be more involved, holding Sinclair and others accountable for their actions. Thank you for your time.
